Evaluation of Feedback from **Alumni** **2022-23**

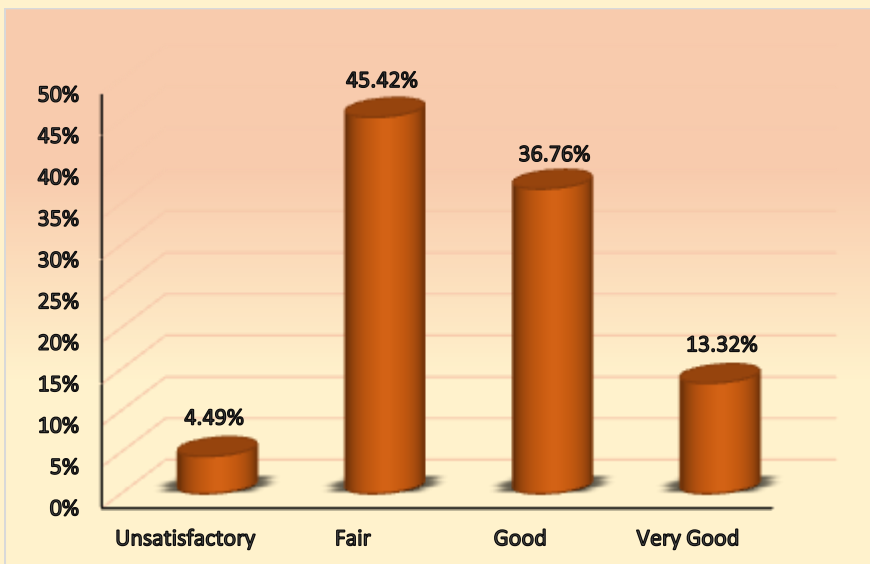

1. Fees Structure

Action Taken:

As an affiliated institution receiving government funding, the college is unable to alter its fee structure. Still, the team in charge of managing has introduced plans for various student categories. Top students and athletes receive complete tuition reimbursement. Furthermore, students have the option to pay their costs for the academic year in installments.

2. Infrastructure

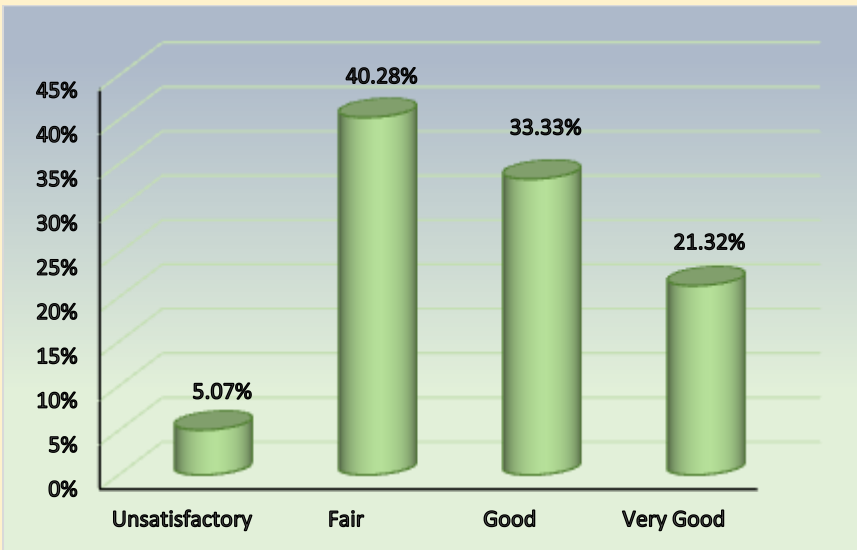

Action Taken:

College prioritized the improvement of infrastructural facilities to provide students with a conducive learning environment and enhance their overall college experience. Infrastructure upgrades were carried out, encompassing renovations of existing buildings and construction of new facilities to accommodate expanding student populations and modernize academic and recreational spaces. Technology integration played a crucial role, with investments made in high-speed internet connectivity, smart classrooms, and

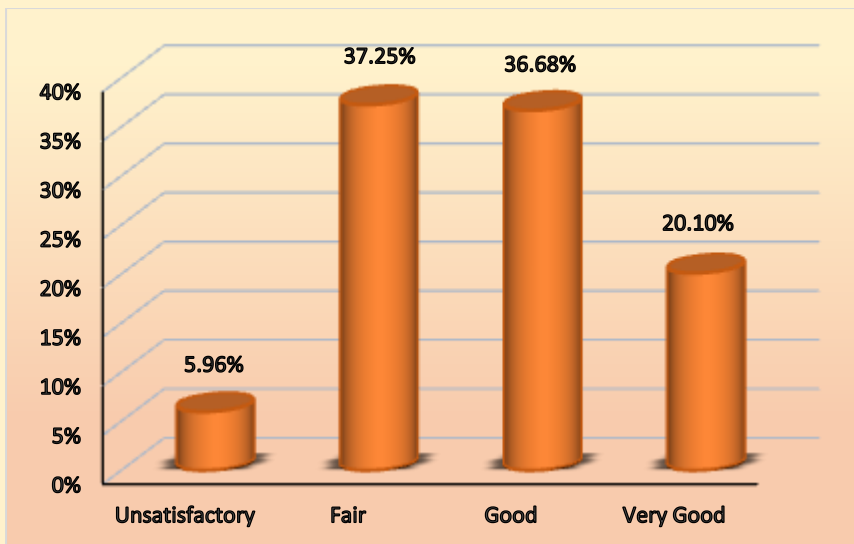

3. Lab facilities in the Department

Action Taken:

College implemented various measures to enhance laboratory facilities for students. This involved infrastructure upgrades, including modernizing equipment and creating conducive learning environments. Routine maintenance schedules were established to ensure equipment remains functional, with periodic replacements to keep up with technological advancements. Safety measures were rigorously enforced, with protocols in place and access to safety equipment to ensure student well-being

4. Co-operation and support received by office members

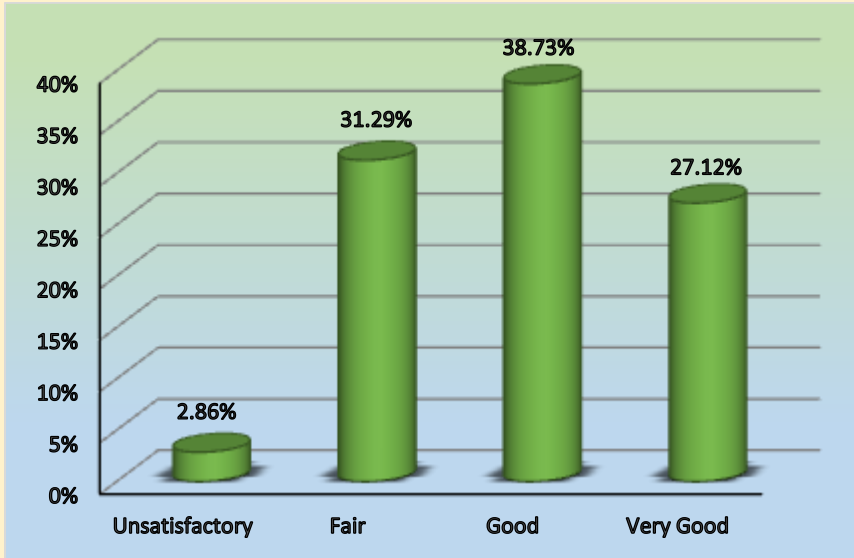

Action Taken:

Conducted orientation and training programs for administrative members to educate them about students' diverse needs, cultural sensitivities, and effective communication strategies. Ensured that administrative members are accessible and available to students by maintaining convenient office hours, responding promptly to inquiries, and accommodating students' schedules whenever possible

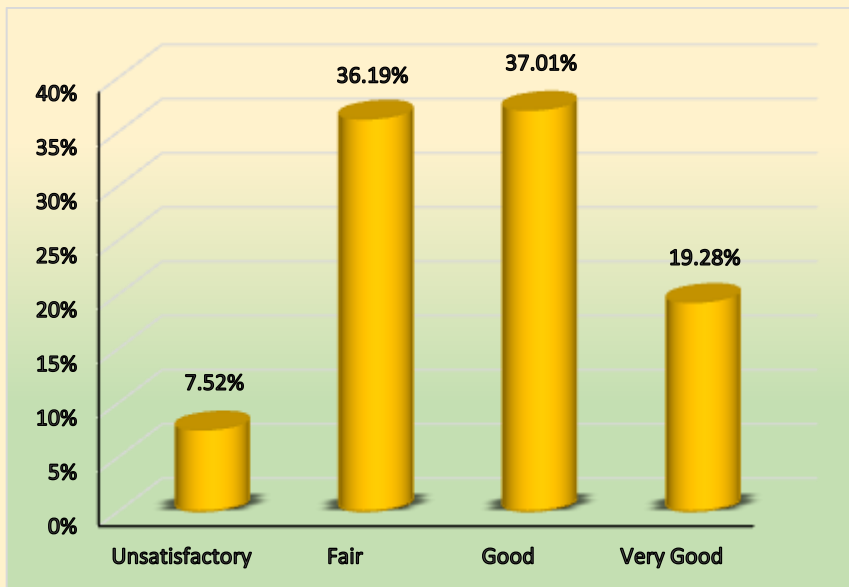

5. Updated Curriculum

Action Taken:

Established committees comprising faculty members, industry experts, and educational specialists to periodically review and revise the curriculum. These committees assessed the current curriculum's effectiveness, identified areas for improvement, and proposed updates based on emerging trends and industry requirements. Encouraged faculty to engage in research and innovation activities and integrating research findings and advancements into the curriculum to expose students to the latest developments in their field

6. Training and Placement support

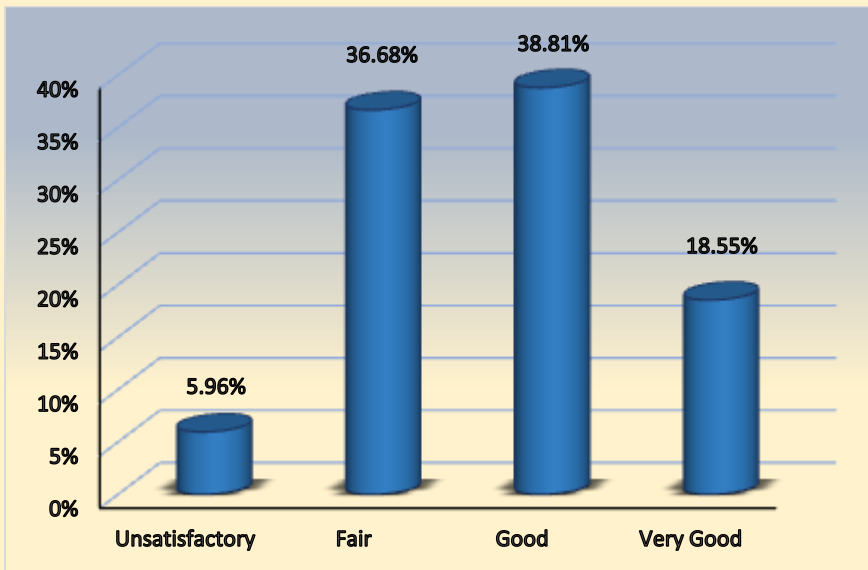

Action Taken:

Institutes organized skill development programs, workshops, and seminars conducted by industry experts to supplement formal education and enhance students' employability. Career counselling services were provided to help students identify their strengths, interests, and career goals. Dedicated placement cells or departments are established to provide personalized assistance to students in resume building, interview preparation, and job search strategies

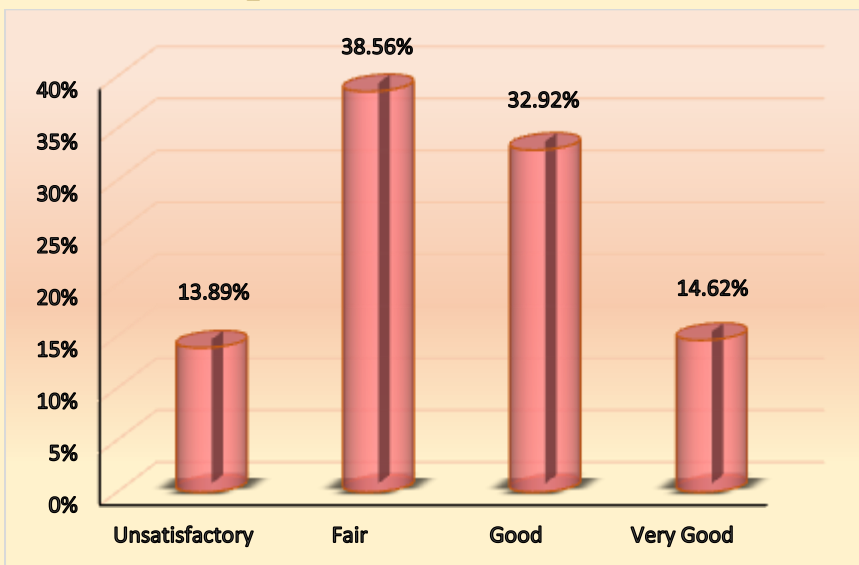

7. Library Facilities

Action Taken:

To enhance library facilities, institutes undertook a multifaceted approach. Prioritized expanding their collection through the acquisition of new materials, encompassing a range of formats from traditional books to digital resources. The expansion accompanied infrastructure upgrades, where institutes renovated physical spaces to accommodate growing collections and integrate modern amenities like study areas and technological infrastructure. Professional development for library staff was another action taken.

8. Computer Facilities

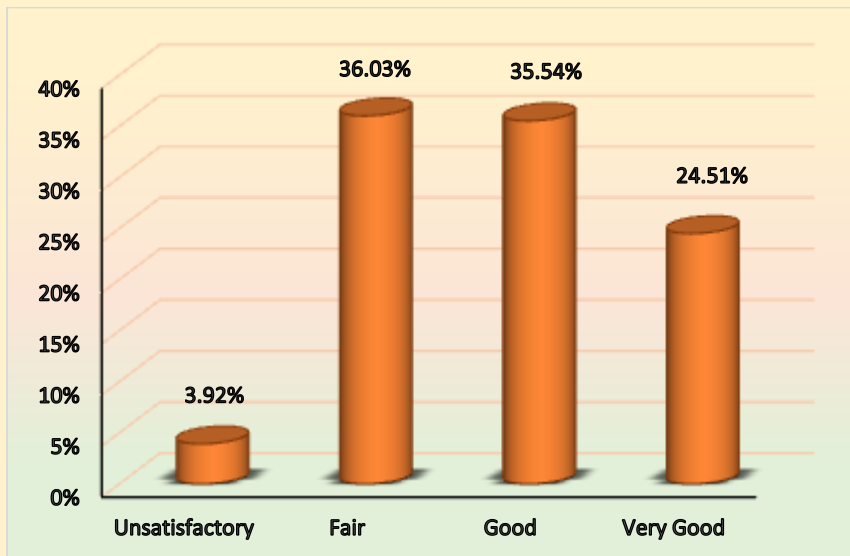

Action Taken:

College invested in upgrading computers and peripherals to ensure that they meet the latest technological standards. Institute started Providing technical support services within the computer labs to assist students with hardware and software issues, troubleshoot connectivity problems, and offer guidance on using computer resources effectively. Regularly updating software and operating systems to the latest versions to ensure compatibility with current applications and security patches

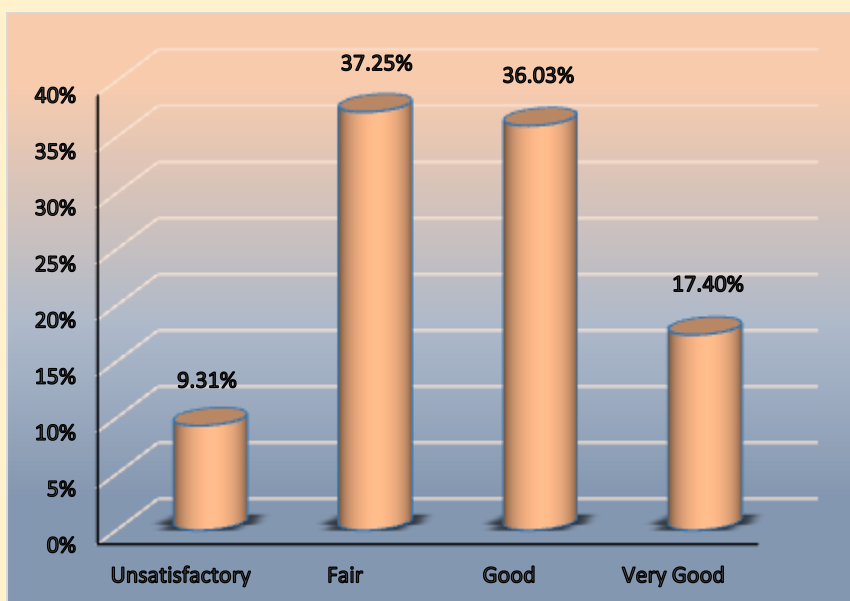

9. Internet and wifi

Action Taken:

To enhance internet and Wi-Fi facilities for students, colleges undertake various initiatives. Firstly, invested in upgrading the infrastructure by installing high-speed internet connections and expanding Wi-Fi coverage across campus premises. In addition to infrastructure improvements, colleges implement policies and protocols to manage network bandwidth effectively and prioritize internet access for academic purposes. We also provide technical support to troubleshoot connectivity issues and assist students in configuring devices

10. Sports Facilities

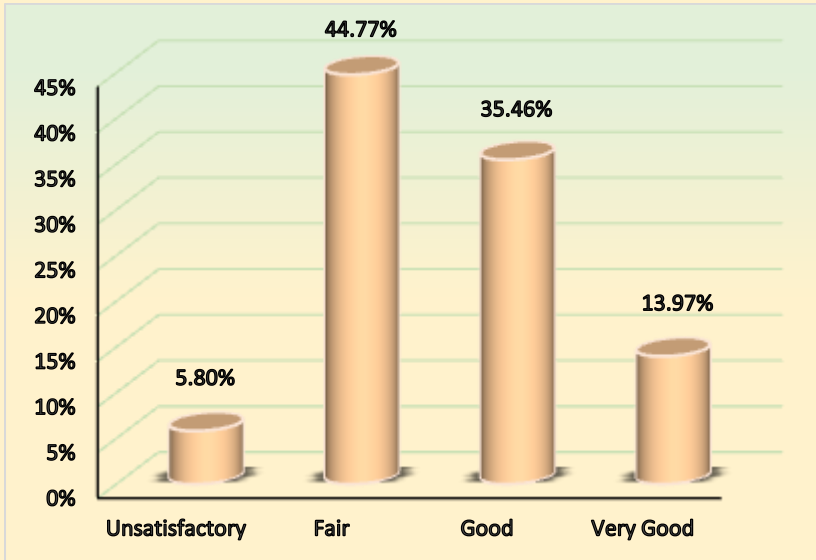

Action Taken:

To enhance sports facilities for students, college often undertakes initiatives aimed at improving infrastructure, promoting participation, and fostering a culture of sports and physical fitness. This involves upgrading existing facilities and introducing new programs to cater to the diverse interests and needs of students. The institute prioritizes the recruitment and training of qualified staff to oversee training programs and provide guidance to students interested in pursuing sports at competitive levels.

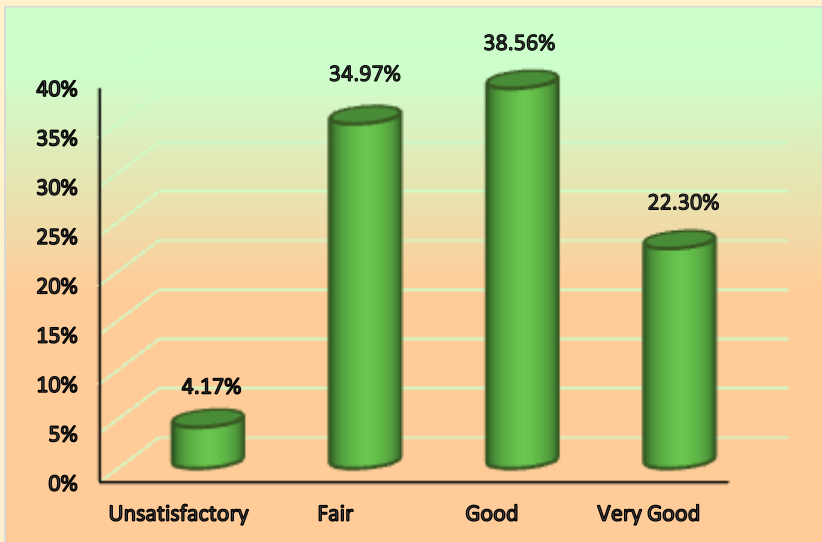

11. Cultural Activities

Action Taken:

To enhance cultural activities for students, dedicated cultural committees are established tasked with organizing a wide range of events and activities. These encompass traditional celebrations, art exhibitions, music, dance performances, drama, theatre, literary festivals, and intercollegiate competitions. Institute also invests in infrastructure and facilities to support cultural activities, such as auditoriums, theatres, art galleries, and music rooms.

12. Grievance Redressal Mechanism

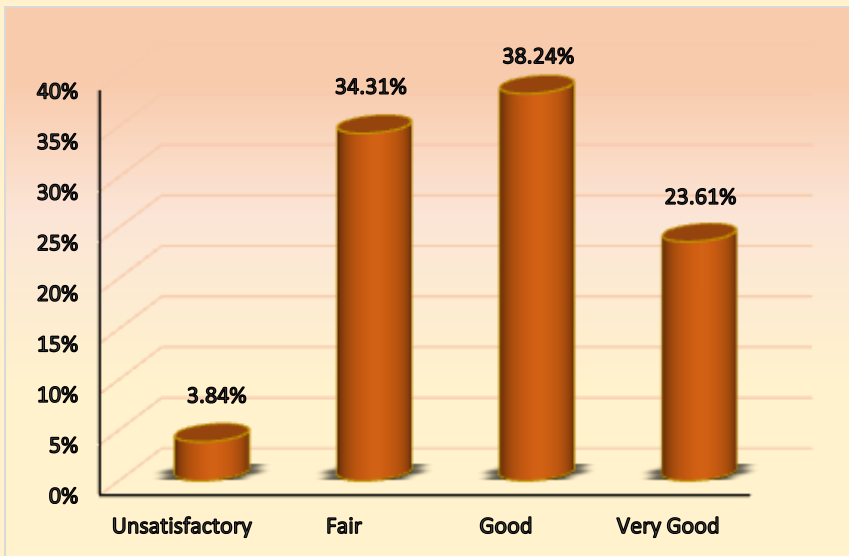

Action Taken:

To enhance the grievance redressal mechanism for students, College prioritizes awareness campaigns to educate students about the grievance redressal process, including how to file complaints, the expected timelines for resolution, and the confidentiality of their grievances. The college also conducts periodic reviews and evaluations of their grievance redressal mechanism to identify areas for improvement and implement necessary reforms.

13. Alumni Association

Action Taken:

Firstly, the college can establish regular communication channels with alumni, including newsletters, social media groups, and alumni-specific events. Secondly, organizing alumni reunions, and networking mixers fosters a sense of community among alumni and encourages them to engage with the college
