# Evaluation of Feedback from
STUDENTS
2022-23

1. How do you rate the effectiveness of Smart Classrooms?

Action Taken:

- Offered a diverse range of co-curricular activities that cater to different interests and talents.
- Encouraged faculty members to actively support and mentor students participating in co-curricular activities.
- Recognized and rewarded student achievements in co-curricular activities through awards, certificates, and scholarships.

## 2. How do you rate the benefits of certificate/diploma course run in the college?

Action Taken:

- Offer comprehensive career counseling services to help students explore their interests, strengths, and career pathways.
- Invest in faculty development programs to enhance teaching methodologies, instructional design, assessment techniques, and the integration of technology in the classroom
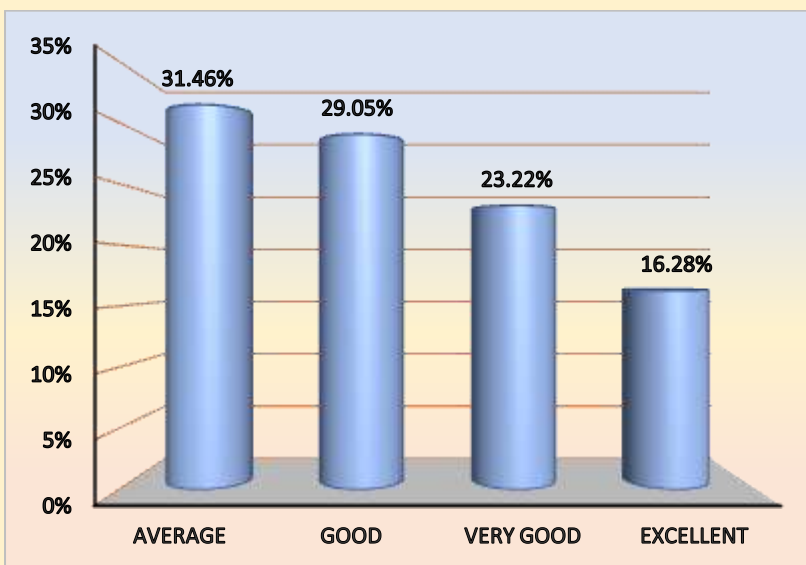

3. How do you rate the mentoring system in the college?

Action Taken:

- Clearly defined the roles and responsibilities of mentors, as well as the expectations for student participation and engagement in the mentoring process.

- Regularly monitored and tracked students' progress towards their goals and milestones.

4. How do you rate the functioning and facilities in the computer labs and science labs?

Action Taken:

- Ensured that computer and science labs are equipped with the latest hardware, software, and scientific instruments.
- Implemented a routine maintenance schedule to ensure that all equipment in the labs is in optimal working condition.
- Prioritized safety by providing adequate safety equipment, signage, and training for students and staff.
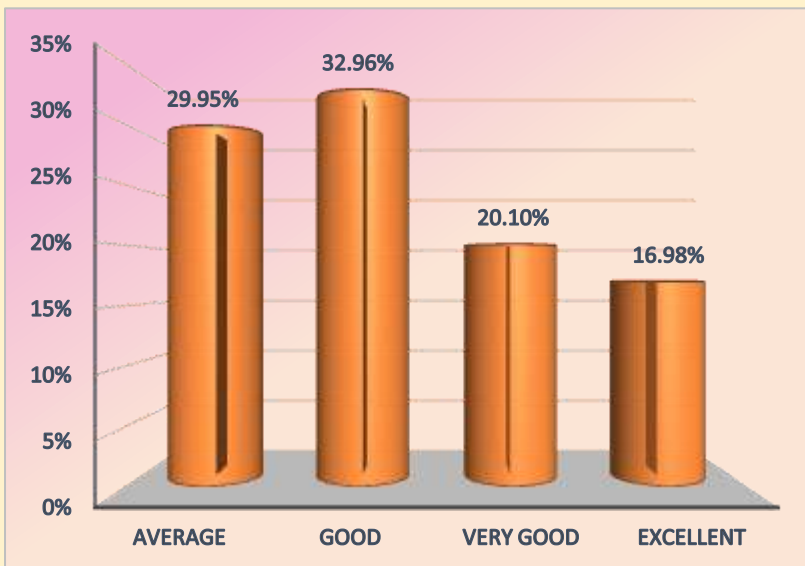

.

5. How do you rate e-resources/ facilities in the college library?

Action Taken:

- Ensured seamless access to e-resources by providing high-speed internet connectivity and user-friendly interfaces.
- Offered training sessions and workshops to educate students on how to effectively navigate and utilize e-resources available in the library.
- Provided ongoing support through tutorials, help guides, and online assistance.

6. How do you rate the co-curricular activities in the classrooms?

Action Taken:

- Offered a diverse range of co-curricular activities that cater to different interests and talents.
- Encouraged faculty members to actively support and mentor students participating in co-curricular activities.
- Recognized and rewarded student achievements in co-curricular activities through awards, certificates, and scholarships.
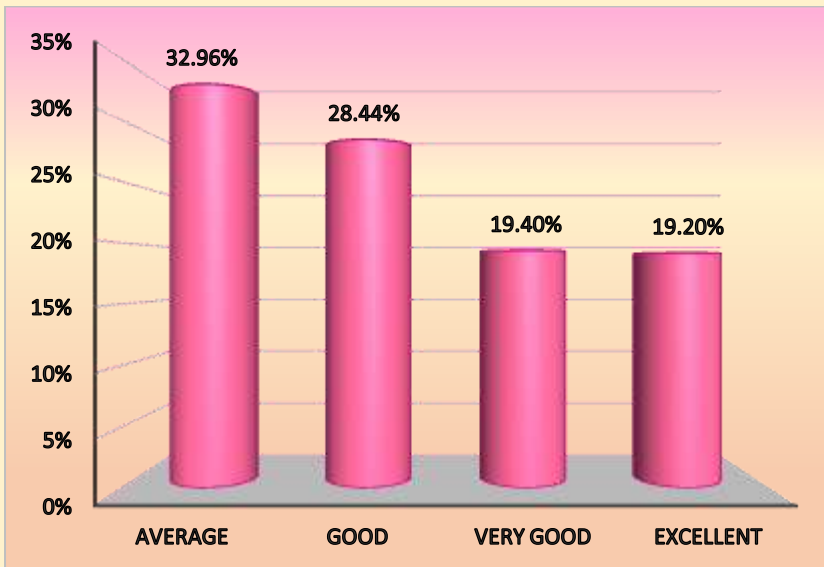

7. How do you rate the quality and evaluation of assignment work in course?

Bar chart data:
- AVERAGE: 24.52%
- GOOD: 30.15%
- VERY GOOD: 25.03%
- EXCELLENT: 20.30%

Action Taken:

- Offered opportunities for students to revise and resubmit their assignments based on feedback received.
- Utilized educational technology tools for assignment submission, grading, and feedback delivery.
- Used a variety of assessment methods (e.g., essays, presentations, projects, quizzes) to evaluate student learning.

8. How do you rate project work/ field trips in the college?

Bar chart data:
- AVERAGE: 32.96%
- GOOD: 28.44%
- VERY GOOD: 19.40%
- EXCELLENT: 19.20%

Action Taken:

- Allocated sufficient resources, including funding, transportation, equipment, and personnel, to support field trips and project work.
- Integrated field trips and project work into the college curriculum to ensure alignment with learning outcomes and course objectives.
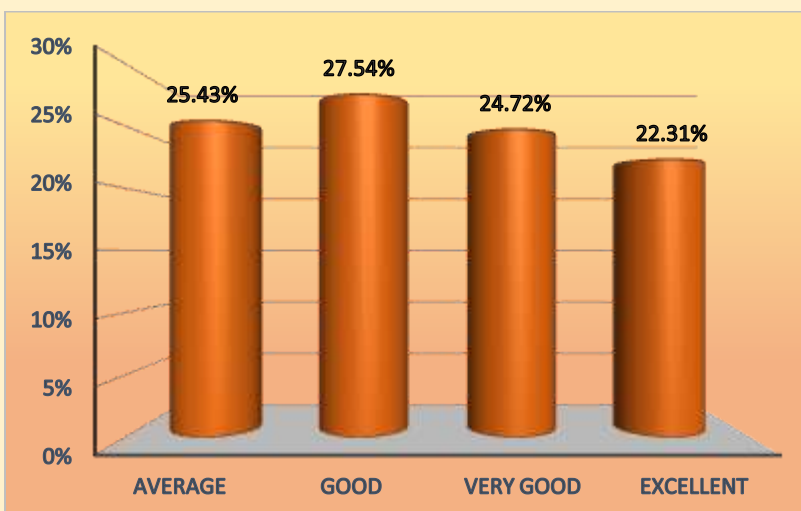

9. How do you rate the opportunities for participation in extra-curricular activities?

Action Taken:

- Actively promoted co-curricular opportunities through various channels, such as orientation sessions, campus events, newsletters, social media, and dedicated websites.
- Established student-led committees or councils responsible for implementing new initiatives based on student interests and feedback.
- Fostered an inclusive environment where all students felt welcome and encouraged to participate in co-curricular activities regardless of their background or abilities.

10. How do you rate the effectiveness of Home Examination in the college?

Action Taken:

- Provided clear instructions and guidelines to students regarding the format, duration, and expectations of home exams.
- Provided timely and constructive feedback to students on their performance in home exams, highlighting strengths and areas for improvement.
