

Press Release

A two day International Conference on 'Materials Research and Technology (ICMRT-2017)' is being organized in Aggarwal College Ballabgarh in association with Indian Society of Analytical Scientists (ISAS) Delhi Chapter on 10-11 July 2017 sponsored and collaborated by DRDO, CSIR, BRMS, DHE, ISAC, ICSSR, ISCA, ICMR, ISST, IOC R&D & PNB. By organizing this International Conference, Aggarwal College Ballabgarh has raised the bar after the successful organization of many national conferences and seminars.

The Chief Guest of Inaugural Session was Prof. Victor Gambhir, V.C., MMU, Mullana, Ambala. Mr. Devender Kumar Gupta, President, College Governing Body, Aggarwal College, Ballabgarh was the Chairperson and Prof. Ri-ichi Murakami, NTUST, Taipei, Taiwan was the Keynote Speaker .

Dr. J. Christopher, Chairperson ISAS,DC and Mr. G.S.Kapur, Secretary, ISAS,DC and eminent members of governing body, Aggarwal College, Ballabgarh also graced the occasion.

In his Inaugural Address, Chief Guest Prof. Victor Gambhir said that the topic of the conference is quite suitable as new materials is the call of the day. He stated that it is a huge opportunity in the development of new materials and to research scholars to gain a lot from the deliberations presented in these two days.

In his Presidential Address, Sh. Devender Kumar Gupta highlighted the significance of organizing this conference and exhorted all the research scholars to disseminate their knowledge across the world.

Dr. J. Christopher, welcomed the guests and said that the focus of the conference would be on the various aspects of advancement in material technology and its process.

Mr. G.S. Kapur highlighted the objectives and research activities of ISAS. He said that ISAS encourages young scientists by providing financial support.

Principal, Dr. Krishan Kant Gupta, Convener of the conference, welcomed the guests and presented the theme of the conference.

Keynote Speaker Prof. Ri-ichi Murakami delivered his address on the topic, 'The Effect of Ultrasonic Nanocrystal Surface Modification and Plasma Nitriding on fatigue strength of S45C Steel.'

The Proceedings of the Conference and the College Newsletter were released on this occasion. An MOU between Aggarwal College, Ballabgarh and NTUST Taipai, Taiwan was also signed.

The stage was conducted by Dr. Poonam Anand and Dr. Ajit Yadav, Organizing Secretary of the conference presented vote of thanks.

After the lunch break, two technical sessions were conducted which were chaired By Prof. A.C. Sharma, GGSIPU, New Delhi, Dr. S.K. Chakarvarti, Ex NIT Kurukshetra, Dr. Manoj Umesh Sharma, DRDO Delhi and Dr. Sandeep Chopra, IUAC, Delhi.

The Invited Talks were delivered by Prof. Akihiro Furube, Tokushima University, Japan, Prof. Lalita Gupta, DRDO, Delhi, Prof. Yee Wen Yen, NTUST, Taipei, Taiwan, Prof. Arunachalam Ramanan, IIT Delhi, Prof. Ajay Kumar Himanshu AMLVECC, Kolkata, Prof. Jieng-Chiang Chen, PDVU, Taiwan, Prof. Keh-Moh Lin, NTUST, Taipei, Taiwan, Prof. S.K. Chakarvarti and Prof. Mahanth Prasad, CSIR, Pilani.

After the technical sessions, Cultural Eve was organized under the guidance of Dr. K.L. Kaushik, in which students mesmerized the audience by showcasing their talent in dance and music.
