

Report

A two day Multidisciplinary Seminar on 'Use of ICT in Education' is being organised in Aggarwal College Ballabgarh on 7th & 8th November 2017, under the tutelage of Principal Dr. Krishan Kant. The aim of organising this first of its kind seminar is to provide an opportunity to the students to understand the importance of ICT in teaching-learning. The seminar was inaugurated by Principal Dr. Krishan Kant, Wing-II Incharge Dr. Usha Aggarwal, Ms. Kamal Tandon - Convenor of the seminar, Dr. Poonam Anand, Co-Convenor and other senior faculty of the college by lighting the lamp. Ms. Kamal Tandon welcomed the Chief Guest and presented the theme of the seminar. She said that the aim of organising this event is to synchronise the diverse approaches at a common platform in order to break down the barriers and to facilitate students in understanding the role of ICT in acquiring knowledge. Principal, Dr. Krishan Kant in his address said that ICT has dual meaning - Indian Customs & Tradition and Information Communication Technology and the use of ICT in education can be effective & productive only if we strike a balance between traditional & modern forms of teaching. He also iterated that mixing Experience with Experiment leads to Expectation which helps in developing confidence. The Inauguration was followed by 2 Technical Sessions which were chaired by Dr. A. S. Yadav, Deptt. of Physics and Dr. Manoj Shukla, Deptt. of Economics. Each technical session had 8 post graduate students of the college from different streams. The judges were Dr. Balram Chawla, Dr. Sanjeev Gupta & Dr. Sachin Garg. The students were quite keen to present their views through PPT as it was a novel experience for them.
