

A three days workshop on ‘**SOLAR PV POWER PLANT Design & O & M**’ was organized in Aggarwal College Wing-II, Ballabgarh from 25th March 2017 to 28th March 2017 under the guidance of Dr. Sanjeev Gupta, Associate Professor , Deptt. of Physics.

This workshop was held under the aegis of **National Power Training Institute (NPTI)** an ISO 9001 & ISO 14001 organization, a National Apex body of Govt. of India, Ministry of Power. Dr. Rohit Sharma, Associate Professor NPTI was the main resource person. Nearly 200 students and faculty members participated in the workshop.

In the workshop Dr. Verma thrown some light on the practices adopted by Govt. of India in the field of solar energy. With the help of a computer software, he taught the audience how to calculate the power load of individual house and accordingly design a solar plant of capacity 1 KW/2.5 KW or even more which can be installed at their house.

He also emphasized on the vast opportunities in the govt. & private sector in terms of employment in the field of solar energy.

He also told that some students can also start their own business and turn entrepreneur by start some business in solar power field.

He ensured his full cooperation regarding any queries regarding installation of solar power plant, whenever needed by the students or the college. At the end, Incharge Wing-II Dr. Usha Aggarwal distributed certificates to the participants. Dr. Arindam Ghosh, Ms. Gunjan Verma and Ms. Preeti Goyal , Assistant Prof. also extended their full support and cooperation to make this workshop a grand success.
