

## VISIT TO NATIONAL SKILL DEVELOPMENT CORPORATION

An educational visit to National Skill Development Corporation, Aerocity, Gurugram was organized on 5th October, 2018 by Aggarwal College Ballabgarh . This educational visit was organized for the student of Bachelor of Vocational (software development) and Bachelor of Vocational (retail management) . There were total 45 students of both the vocational courses accompanied by their respective faculties. A large scale competition was there of different fields such as **I.T, softwre solutions for business , I.T network system administration retail, health care, jewellery , web development , mobile computing** etc in which there are about 400 competitors from 27 states . This visit was totally knowledgeable as students had seen the practical working in competitions like for retail management students **visual merchandising and restaurant service** competitions were there. For software development students **Facebook, IT softwre solutions for business , networking ,web development, mobile computing competition** and activities were there. In competitions an exposure of theoretical study was seen through demonstrations and in each field proper explanation of how and what competitors were doing was explained by the experts of that area. Apart from the competitions, career counseling was given to students in which students had identified their area of interest. Students were also given the refreshment by NSDC. The visit was successful as students learn and grasp so many things which would be helpful for their grooming and self enhancement.
