

## **REPORT**

Aggarwal College Ballabgarh organised a seminar on Solid Waste Segregation and Management on 1<sup>st</sup> August, 2018 in the college campus. The lecture was delivered by Mr. Ashish Dubey, Mr. Vinod and Mr. Ashok from Eco Green Company Faridabad. They dealt in detail about dry and wet garbage, their segregation & their disposal. They also exhorted the students to spread awareness among their neighbours and family members regarding the importance of cleanliness. Mr. Ashish said that it is only through self awareness that we can bring about a change in society. He shared his phone number and told the students about the competition that they are organising under which the students will do campaigning and other cleanliness related activities in their locality and they will be judged and awarded accordingly. Later, an Oath on keeping our surroundings clean and spreading awareness on the same was also taken. All the officials had a one to one interaction with the students. This seminar is being organised under the guidance of Principal Dr. Krishan Kant under the 'Swachchhta Pakhwara' event of the govt. NSS PO Ms. Ritu, Ms. Seema Malik and Swachchhta Senani Team Coordinator Dr. Sarika Kanjlia were present.
