

## **Skill Development Programme - 'Training the Trainers'**

A training under the Skill Development Programme - 'Training the Trainers' was conducted at Aggarwal College Ballabgarh on 10th April 2019. Mr. Arindam Bhattacharya from Words Worth- English Language Lab Organisation was the trainer for this programme. He apprised the teachers on all aspects regarding the Words Worth software that is being run in the Language Lab of the College. The interactive sessions lasted the entire day and various topics like Students Dashboard, Teacher's enabled training, Computer enabled training were discussed.

The teachers became aware about the various foundational pillars of the Words Worth software which are - listening, speaking, reading and writing. They were also made aware about the flexibility of the software through the various levels which a student can choose as per his convenience for gaining knowledge. These levels are as follows -Basic, Intermediate and Advanced levels. The trainer Mr. Arindam also highlighted the visual - audio aspect of the software which will help students gain awareness. The teachers appreciated all the components of the software which were explained to them in detail. These components include the options of Students, Reports, Tasks and Courses. Further, the trainer Mr. Arindam focused on how the students can self test their learning skills through assessments and gauge their performance level.

Overall all the sessions of the One Day Skill Development Programme were an enriching experience for approximately 25 faculty members of Aggarwal College Ballabgarh. This training was organised under the able guidance of Dr. Krishan Kant Gupta and coordinated by Dr. Sarika Kanjlia and Dr. Inayat Chaudhary.
