

Aggarwal College Ballabgarh Organizes Workshop on Cloud Computing

Aggarwal College Ballabgarh organised a workshop titled "**Cloud Computing: Research Trends and Challenges**," on 7th May, 2024 which was open to academic members as well as non teaching staff. The workshop, which was hosted by the Research & Development Cell and the Digital Content Development & Management Centre, offered a forum for discussing the most recent developments and difficulties in cloud computing.

Ms. Meha Mittal, as a resource person, a renowned Cloud Technical Lead with fourteen years of IT expertise, was invited to Aggarwal College to conduct an interactive workshop on cloud computing. During the workshop, Ms. Mittal shared her extensive knowledge of various aspects of cloud computing, including Google Sheets, types of clouds (public, hybrid, and private), popular cloud applications, and cloud computing in general. Moreover, she emphasized the importance of sustainability, raising awareness about clean drives among the attendees.

All the teaching and non-teaching staff members engaged in lively discussions on new research directions and tackled pressing issues. A warm welcome was extended to Ms. Meha Mittal by Shri Dinesh Gupta, College General Secretary , and Dr. Sanjeev Gupta, Principal of Aggarwal College. Dr. Sarika Kanjlia ,Dr. Dimple and Dr. Vineet Nagpal orchestrated the event.
