

Press Release

The Eco & Energy Conservation Club at Aggarwal College Ballabgarh took the forefront in commemorating **World Environment Day** on **5th June** hosting a series of impactful events aimed at raising awareness and fostering sustainable practices within the college community, under the able guidance of Honorable **President Aggarwal College Ballabgarh, Sh. Devender Kumar Gupta** and **Principal, Dr. Sanjeev Kumar Gupta**.

Under the theme "Restore Our Earth," the club organized a variety of activities throughout the day, engaging students, faculty, and staff alike in meaningful environmental initiatives. The day commenced with a tree-planting ceremony on the college grounds, symbolizing the commitment to biodiversity conservation and combating climate change.

Following the tree planting, a video making competition and a power point presentation competition, covering topics such as "our land, our future", "planet vs. plastics", "ecosystem restoration", "water crisis" and "population explosion" were organized. Dr. Priyanka Sehrawat, head Department of Chemistry, was the convener of this event and the students, Yogita and Mayank of M.Sc. Chemistry 2nd Sem. were the student member of this club. The faculties of Chemistry Department Dr. Archana Chauhan, Dr. Chander Attri, Dr. Sapna Tyagi, Dr. Priyanka Kundu, Ms. Manshi Tyagi, Ms. Geeta Rathi and lab attendants Mr. Ghanshyam, Mr. Sushil, Mr. Pramod actively participated for the success of this events. Students enthusiastically participated in the all the activities. Bhavna Sharma of class B. Sc. Chemistry Hons. 4th sem. got the 1st position and Tannu Dubey of class B. Sc. Chemistry Hons. 2nd sem. and Yogita Sharma of class M. Sc. Chemistry 2nd Sem. got the joint 2nd position while Ishu of class B. Sc. 2nd sem. got the 3rd position in video making competition. On the other hand, Vishakha, Deepu Aggarwal and Pooja Singh of class M.Sc. Chemistry 2nd Sem got the 1st, 2nd and 3rd position, respectively, in the power point presentation competition.

"The response to our World Environment Day celebrations has been overwhelming," remarked **Dr. Priyanka Sehrawat, convener** of the program. She also added "It's inspiring to see our college community come together in support of environmental conservation. Through collective action, we can make a meaningful impact in safeguarding our planet for future generations." **Principal, Dr. Sanjeev Kumar Gupta**, also thanked the students and the staff for their endless efforts to make the event a grand success even in summer vacation. He also delivered a wonderful speech to enhance the awareness about global warming, climate changes and its solutions.

As World Environment Day draws to a close, the Eco & Conservation Club reaffirms its commitment to ongoing environmental initiatives, striving to instil a culture of sustainability and environmental responsibility within Aggarwal College and beyond. With dedication and collective effort, they aim to contribute to the global movement towards a greener, more sustainable world.
