

Guest Lecture Organized by Department of Mathematics, Aggarwal College Ballabgarh.

The Department of Mathematics, Aggarwal College Ballabgarh, organized a guest lecture for students under the New Education Policy 2020 on April 16, 2025. The inspiration for this event came from the able guidance of Sh. Devender Kumar Gupta (President, Aggarwal College) Sh. Dinesh Gupta (General Secretary, Aggarwal College) and Acting Principal Dr. Sanjeev Kumar Gupta.

Dr. K.L. Kaushik, Head of the mathematics department regularly hosts such type lectures on a regular basis. The guest speaker was Dr. Shalini Sharma from Pt. Jawahar Lal Nehru College, Faridabad. The topic of the lecture was "Application of Number Theory in the Present Era."

Dr. Sharma discussed the importance of number theory in daily life, cryptography, coding theory, and numerical analysis. The lecture highlighted how an ancient branch of mathematics plays a significant role in modern technologies. The session was highly informative.

A total of 58 students attended the lecture and expressed their curiosity through questions. All the lecturers of the Mathematics department Ms. Neha Goyal, Dr. Geeta Tripathi, Dr. Renu Bala, Poonam Gupta, Neelam, Kanchan, and Divya played an important role in making this lecture successful. It was a successful event.
