Guest Lecture on "Java Web Development"

On 2nd April, 2025 Department of Computer Science organized a Guest Lecture on the topic **"Java Web Development"** for the students of BCA, MCA and B.Voc (SD). Such events are organized regularly at Aggarwal College Ballabgarh under the able guidance of Chairman Sh. Devender Kumar Gupta, General Secretary Advocate Sh. Dinesh Kumar Gupta and Acting Principal Dr. Sanjeev Kumar Gupta. The event was coordinated under the effective leadership of Dr. Sachin Garg, Incharge (Wing 1). Ms. Saavi Malik from Creative Developers, Faridabad was the resource person for the session. In the beginning of the session, Ms. Mohini Verma delivered the welcome speech and presented the floral bouquet to her.

She discussed Java web development involves building dynamic web applications using Java technologies such as Servlets, JSP, and Spring. It provides a robust and scalable platform for developing enterprise-level web applications with features like security, scalability, and performance.

Companies like Google, Amazon, and IBM use Java web development for building scalable and secure web applications. Many other companies, such as Accenture, Oracle, and SAP, also utilize Java web development for their enterprise-level web applications, highlights on growing emphasis on integrating these technologies across various sectors, after that Resource person explained some of the most in-demand skills in the IT sector. This guest lecture is free for students, if any student is interested to do this course then after Registration he/she will pay only 499 for 4 weeks.

The students put a lot of queries and the resource person explained each query in very simple and understandable language. Approximately 80 students participated in the session. The event was co-ordinated by Ms. Reena Kinger and Ms. Parul Singla. The session was attended by Ms. Poonam Sharma, Ms. Nisha Choudhary and other faculty members.
