

# Aggarwal College Ballabgarh, Faridabad

## AUTOMATION AND SERVICES

All operations and services of the library has been automated with RFID (Radio Frequency Identification) technology using Linux based KOHA **-Fully Automated RFID Enabled available on Internet 24/7 at <http>** . It operates on Windows 2008 server, Oracle. The software has excellent operational modules such as transaction, query, administration, reporting modules etc.

An OPAC (Online Public Access Catalogue) has been created and about 53 terminals are provided to facilitate access. It is also made available via LAN in the campus.
